

## **Clinton Prairie School Foundation Grant Program**

The Clinton Prairie School Foundation awards grants up to \$500 to teachers and administrators within the District. The funding is awarded to provide opportunities for educators to implement creative and unique ideas that will enhance the educational growth of students. Foundation funding provides funding beyond basic school funding for projects and programs that provide excellent and innovative teaching and learning experiences and that strengthen the partnership among school, family and community.

Applications are accepted twice a year: October 1 for spring semester projects; May 1 for fall semester projects. Awards will be announced November 1 and May 1. Each application must contain the completed Cover Sheet with appropriate signatures, Narrative (no longer than two pages), and the Budget Sheet. Applicants must submit the original and one (1) copy to the Clinton Prairie School Foundation Office.

Questions? Contact Jerry Haan, President, Clinton Prairie School Foundation Board.

## Clinton Prairie Education Grant Application

### Cover Sheet

Project Title: \_\_\_\_\_

Project Director(s): \_\_\_\_\_

Principal's Signature \_\_\_\_\_ Date \_\_\_\_\_

## Narrative

Please address each area listed below and attach to the Cover Sheet along with the Budget Sheet. Narrative should be no longer than two pages in length. Submit original application and one copy to the Clinton Prairie School Foundation Office.

1. **Project Abstract:** Describe project for which funding is requested in 75 words or less.
2. **Project Activity Description:** Describe the strategies and/or activities you will use to implement this project and how these strategies and/or activities meet student needs and/or State Standards.
3. **Goals and Objectives:** Describe the specific goals and objectives as they relate to student achievement needs and the State Standards. Goals and objectives should be specific and measurable.
4. **Assessment/evaluation:** Describe the anticipated benefits of this project on student achievement. Also identify the assessment strategies/tools that you will use to assess the impact that this project has had on student learning.
